• Your own Domain. Forever. Free.

A domain from at|nic|vu™ offers everything you expect from a professional domain and more: **Instant activation, URL forwarding, URL cloaking, PathForwarding** for files and directories, statistics, access control, ...! The best: **No compulsory advertising!**

New: Full DNS management!

With the own DNS management you can do everything with your domain, which is generally possible with a domain! Keep full control over your DNS records, e.g. CNAME, A, MX, NS und TXT-Records.

• Unlimited E-mail. Also for friends.

Your-Name @ Your-Domain!

Be accessible by e-mail with your domain! Create unlimited number of e-mail addresses, e.g. your-name@your-domain.at.vu! Features such as **POP3, IMAP, E-Mail-Weiterleitung, Catch-All, Alias, AutoResponder, Webmail, Anti-Virus- und Anti-SPAM, calendar and contact management**, ... leaves no wishes unfulfilled.

E-mail also for your friends: Your own free email service!

You will automatically receive an individually customizable e-mail service, in which everyone can join for a free e-mail address under your domain and could read and send e-mails. Offer also to your friends and family e-mail.

[Start your own free email service!](#)

• Fast Webspace. With many features.

With the webspace of at|nic|vu™ you have more than enough disk space, on which you can provide contents for your homepage (files, pictures, etc.).

You get: **300MB Webspace, unlimited traffic, unlimited bandwidth, fast high-performance servers, FTP, MySQL, PHP5, ...**
Everything is easy to use and configurable online!

• ... and much more!

With your registration you will receive a variety of other offers and services that are continuously being expanded!

All **very easy** - even for beginners!
